

GYM RULES

GRIFFIG

- 1.** You operate your belay device as recommended by the manufacturer and apply the brake hand principle. Always have one hand on the brake rope, even with semi automatic devices (Grigri and similar)!
- 2.** You perform the partner check every time before climbing a route.
- 3.** No slack rope, belay close to the wall. Particularly up to the 5th quickdraw.
- 4.** Your rope must be at least 40 meters long.
- 5.** You have read and understood the gym rules "Sicher Klettern indoor" and "Sicher Bouldern Indoor" and you apply them.
- 6.** In the belaying area, which is defined by a light blue line on the floor, no material (rucksacks, shoes, etc.) may be deposited. Only the rope lies within this area.
- 7.** When climbing and bouldering, the person who first starts a route or boulder has the right of way.
- 8.** In the boulder area, the falling zone is to be kept clear (orange line). Children under 14 years must be permanently supervised by an adult person.

Address mistakes when they compromise safety and respectfully listen to others' comments
